# Audio Visual Requirements

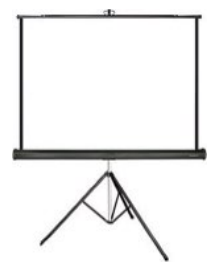

Powerful Sound System with mixing console

Handheld Microphone  
XLR Cable on stage

VGA (or HDMI) cable on stage

Screen & Video Projector

PLEASE NOTE : Isabelle's conference is far from being a standard presentation since it is rich in multimedia content. Our technical needs are not equivalent to those of a typical keynote speaker.

**\* Sound system needs to be able to handle LOUD MUSIC as if we were in a NIGHTCLUB \***

- STAGE (3 feet x 3 feet is enough)
- TABLE to put the Macbook Pro on
- VGA (or HDMI) + XLR cables (on stage) to connect the MacBook Pro to the Sound System
- Isabelle brings her remote, her VGA adaptor and her LapTop Soundport

**\*Isabelle's MacBook Pro has to be plugged on stage\***

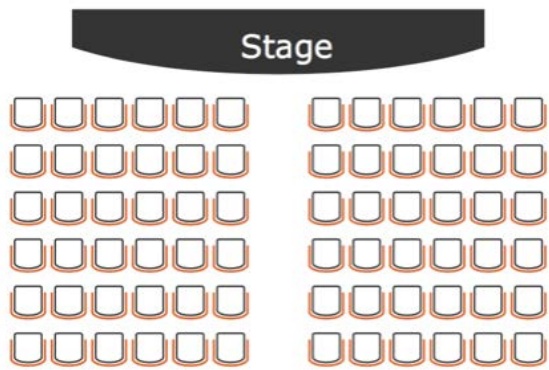

**Not plugged into a console in the back!**

# Organisation of the room

## FIRST CHOICE:

**THEATER:** The first row needs to be placed max 7' from the stage

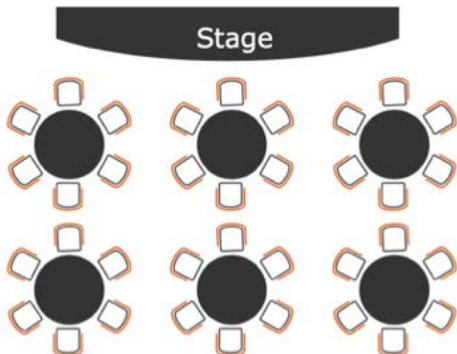

To maximize the experience and the **SYNERGY** between participants, we need to focus on :

**PHYSICAL PROXIMITY**

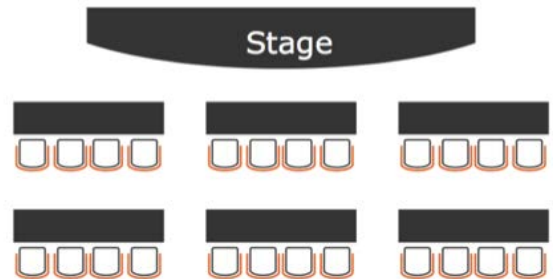

## SECOND CHOICE:

**ROUND TABLES:** Tables must be at arm's length from each other

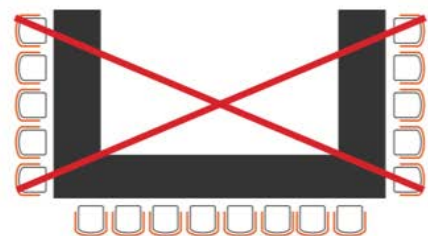

## THIRD CHOICE:

**SCHOOL STYLE:** The participants must have at least 2 feet in front of them to facilitate movement

**AVOID U SHAPE:** Will not serve the purpose of the presentation.

The chairs will need to be placed in a theater style before the presentation starts.
